### *Patty Wagstaff Riding in SKY12*

**October 14, 2005** - HeloAir, Inc. was honored to have three-time U.S. National Aerobatic Champion, Patty Wagstaff riding in SKY12 on the afternoon of October 14, 2005. Ms. Wagsaff was here to perform in the Chesterfield County Air Show on October 15 and 16.

In addition to her airplane, seaplane and helicopter ratings, Patty is a six-time member of the U.S. Aerobatic Team that competes in Olympic-level international competition. She is also winner of the air show industry's most prestigious award, the "Sword of Excellence".

In March, 1994, her airplane, the Goodrich Extra 260, went on display in the Smithsonian National Air & Space Museum in Washington DC. You can see Patty's airplane and exhibit in the Pioneers of Flight Gallery right next to Amelia Earhart's Lockheed Vega.

SKY12s pilot, Rob Roberts said, "It was so exciting to not only meet Patty Wagstaff, but to fly with her! The flight was incredible." He also added, "I jokingly asked if she planned on doing any of her signature unlimited hard-core aerobatics? Fortunately, she replied, only in the *Extra*."
